VENTSPILS is a city that won't leave you indifferent! It is like a small country within a country. There is no need to travel outside Latvia to feel a breath of Europe – you will find everything in
Ventspils where even time is counted differently and where flowers, in spite of rhythms of life dictated by nature, break into blossom earlier than in other places of Latvia, and holidaymakers can enjoy an easy walk along city's cobbled streets. Ventspils is a capital of flowers and fountains; all over the city (even in electrical posts) you can find colourful cow sculptures, but streets, parks, squares and courtyards are decorated with flower sculptures, figurative flower compositions and tasteful flowerbeds. Ventspils is in unwithering bloom even during the hottest summer days.
