

Torsten Carlius Fair Play Award 2012

Horst Seifert (GER)

Horst Seifert has done an outstanding job. As president of LASEM he fulfilled a key role in the organisation of EVACS 2012 in Zittau (GER)/Hradek nad Nissou (CZE)/Zgorzelec (POL). For the first time in history the European Veterans championships are not only taking place in three cities, they are also taking place in three countries with three different backgrounds. Horst Seifert understood those backgrounds and merged those identities. Together with the LOC he has overcome the difficulties arising from the flooding in 2010 in the region and organised a regional support for the championships. Without this support the event would not have been possible.
