

TEAM MANAGER MEETING MINUTES

Sunday 24th SEPTEMBER 2023

Opening:

Alan Bell: the good news is: yesterday there was a problem with one of the 200m. heats. Thanks to the cooperation of the Team Managers we found a good solution. Please thank your athletes. There will be better wifi for the speakers at the start.

Questions: to indicate the lap scores: the board is for the frontrunner. The judges will be instructed to indicate the laps for the other runners (maybe by hand).

Today there is a problem with the cage of the weight throw in Francavilla: it is too low and not safe. Yesterday there was an accident at hammer throw; one of the judges broke her arm. The weight throw venue in Francavilla is closed for today, because of safety reasons. These events will be rescheduled (in the same order) and are removed to Pescara Stadium. The athletes will be picked up by buses (from Francavilla to Pescara), including the implements. Athletes have to register at the call room in Pescara Stadium (today).

Sweden: please can the speaker announce these changes in the stadium here in Pescara.

In 24 hours LOC has to arrange it for tomorrow.

Norway: providing an extra venue will be a problem for tomorrow and Tuesday.

Belgium: about the stop boards: they will be removed for the weight throw. Alan: the technical team is very good.

Danmark: please pay attention to the marks of the javelin. Yesterday at the M50 there was no official in the sector, only the man from the measurement; no red or white flags.

Today it will be a bit confusing day, but everybody will work together to solve the troubles.
