TEAM MANAGER MEETING MINUTES

Monday 13 October 2025

Giovanni Tracanelli, VP Competition EMA:
There are some clashes between the planned medal ceremonies and the participation of athletes (in different stadiums).
The missing medals will arrive today; Team Managers can pickup the medals , in case an athlete can't do it him/here self.

Janusz Krynicki, Technical Delegate:
there will be some changes in the Time Table: we have to postpone Discus Throw. We had taken into account there would be two Javelin runways, but there are not. Discus and Javelin are on the same side of the track, so it can't be do at the same time. Javelin will be held first and after that Discus Throwing; it is an unexpected situation.

Writen question:
NED: would it be possible to wet the throwing field in RG3 in order to see better the impact of (f.e.) a hammer. Answer: we'll try to do it.
Make sure the judges measures the mark of the head of the hammer (not at the handle).

SWE: Request to move Throws Pentathlon to Wednesday, while there are experienced delays, notably on RG3, creating uncertainty about finish times. Many throwers have flights early morning (Friday morning 4.00hrs.) With the current pattern of delays, there is a significant chance of missed flights. To support a change of schedule, Sweden can provide volunteers to assist the officials on Wednesday. We appriciate your efforts under challenging conditions.
Answer: we took the suggestion under consideration: we are not sure if all athletes agree with a change of the day. Conclusion: we should keep the program.

Presentation by **Vesna Repic**, Non Stadia Technical Delegate, about Road Race Walk.
It will be send to the Team Manager's WhatsApp group.

FRA: can we get an explanation of how the (composed) teams should be composed?
Vesna explains it (and see Handbook page 34).
GER: every year we get this same question about this: would it be a suggestion to explain it in the next booklet more extensive (in a positive way: what is allowed).

CZE: are personal refreshments allowed in 10K.? No.
They are allowed only in 20K. and half Marathon in the refreshment stations.
Results: can they be filtered per category? Yes, they are to be found in 'Open Track'.

Giovanni: asks if the Team Managers agree with moving the time of the first Medal Ceremony Road Race Walk from 14.00 to 13.00 hrs? Agreed.

SUISSE: can we assume that the information about the times of the medal ceremonies Giovanni sent us last night are correct? Yes.

GBR: we would like to make a complete to organizers and marschalls in the Cross Country yesterday. It was very well organized.

Next Team Managers Meeting: Tuesday 14 October 9.00 hrs.
Stadium Ribeira Brava
