TEAM MANAGER MEETING MINUTES

Tuesday 14 October 2025

Janusz Krynicki, Technical Delegate: competition is running better and better every day; there are less troubles than in the first days.

No writen questions for today.
Remark: the Throwing Pentathlon will be different from normal, because the performances do not take place at one location. Javelin and Discus throw will be in Stadium Ribeira Brava; the athletes will be transported from RG3 to Ribeira Brava and back.

We can imagine that this is an additional problem, as well for the organization as for the athletes. The Time Table is not sure, because of these transports.
It's the first time Throwing Pentathlon is held in two different stadiums. Janusz apologizes in advance.

NED: yesterday, Discus Throwing was very late in the eveninng for the elder women's category. Please, have attention for the transport after that. If a competition finishes later, transportation is required. In that case, the schedule must be adjusted (and the bus drivers need to know!).

GBR: are there possibilities for training tomorrow, on the restday? On all venues and at what times? Janusz wil talk to Samuel Lopes (Competition Director) and we'll let the Team Managers know by WhatsApp group.

IRL: the Open Road Race wil have a mass start, can Masters start first, please (also in the Half Marathon). Because gun time is the starting time, so it is fair to masters to start before all other runners, in order to have the same conditions for all masters.

GER: Race Walk: please take care that the busses to go back, after the Medal Ceremonies, will wait.

IRL: can forms for Composed Teams be handed in tomorrow? Yes: before 18.00 hrs.
Slawek Krankowski: TIC is open tomorrow from 10.00 – 12.00 and from 16.00 – 18.00hrs.

Next Team Managers Meeting: Thursday 16 October 9.00 hrs.
Stadium Ribeira Brava
